GUIDE SPECIFICATION
Where indicated on drawings, Fry Reglet
Vertical Retainer, as manufactured by Fry Reglet
Corporation, shall be installed. Aluminum shall be
extruded alloy 6063 T5, with clear anodized or
primed finish.

NOTE
To be used in vertical applications. Do not install
horizontally where moisture can accumulate. Attach
panel in accordance with the panel manufacturer’s
fastening schedule.

USAGE
The Vertical Retainer is the female portion of an interlocking
system that is used in conjunction with the Vertical Insert, Vertical
Offset, Vertical Lap Insert, Stucco Transition Insert or/and Stucco/
Lap Insert. The Vertical Retainer is available in 10’ lengths in
clear anodized and primed finishes.
